Nicol O'Donnell, Finance and Human Resource Manager

Nicki joined Aviva in February 2017. Coming to Aviva from the corporate world of finance Nicki brings 15+ years' experience in general management including finance and accounting, team management, human resources, administration/systems and processes.

Nicki is passionate about helping people and thrives on making a difference through her knowledge and leadership.

Outside of work she loves spending time with her family (partner and three children, two dogs and two cats). When time allows she also indulges her passion for horse riding, and learning about and from horses, by exploring the combination of equine therapy with reiki.
